PROFESSIONAL EXPERIENCE

Architect - *RBTA (Ricardo Bofill Taller de Arquitectura), Barcelona, Spain*
2018 - 2019

I joined RBTA to work on the initial design phase of a series of projects in Tbilisi, Georgia. These included a former soviet power station in the centre of the city and an apartment complex in the surrounding hills. Both projects were brought through to an outline design stage, with the presentation of the scheme to the international clients. Further projects involved the design of a unique landscape with wellness facilities for a luxury apartment building on the coast of Cyprus and the interior design of residences for the Mohammed VI Polytechnic University, Morocco. One of my most unique experiences was to work with the office's material archive in liaison with the publishing house, Gestalten. Here, all of Ricardo Bofill's drawings, photographs and writings from the last 50 years were stored for some of his most iconic works, including: La Fabrica, La Muralla Roja, Walden 7, and Les Espaces d'Abraxas.

Architectural Designer - *OSC Design, Manchester, UK*
2012 - 2022

As co-director, I established this practice to consult on projects in the area of social housing and sustainable design from which I had considerable experience. Typically, I was involved in the complete design process from early feasibility studies to construction and as-built documentation.

Architectural Assistant - *Croft Goode Architects, Preston, UK*
2006 - 2012

I took on the role of apprentice in the office and over the six years working there became involved in all aspects of the design process, yet largely working in the design of construction information. I worked across many sectors, including: healthcare, education, heritage and housing. During this time, my most valuable experience came from my involvement in the restoration of a Grade II listed church spire, in conjunction with English Heritage.

LATEST TRAINING

Conservation Training Course - *RIBA Academy (30 hours)* - December 2022

Advanced Training in Heritage - *YACademy (two months)* - November 2022

Advanced Grasshopper - *Udemy Online (28 hours)* - October 2022

Core Spatial Data Analysis - *Udemy Online (40 hours)* - August 2022

TECHNICAL SKILLS

- Adobe Suite	- Rhino 7	- Vray
- Autodesk AutoCAD	- Grasshopper	- GIS
- Autodesk Revit	- SketchUp Pro	- Earth Engine

EDUCATION

MSc Architecture and Urban Design
2019 - 2021

Politecnico di Milano, Italy

Italian professional degree (LM-4) in Architecture. Central to the course are the subjects of: architectural design, urban design and architectural conservation. My thesis research focused on the hydraulic risk to the Cuban National Art Schools as part of a wider Conservation Management plan funded by the Getty Institute.

110/110 - 4.0 GPA

MA Architecture (History and Theory)

2013 - 2015 *part-time*

University of Westminster, London, UK

This degree program focused on an intensive and critical examination of contemporary issues in architecture through innovative and conventional research techniques. My thesis focused on the distracted perception of architecture as posed by Walter Benjamin in 1935.

Distinction - 4.0 GPA

BSc Architectural Design & Tech.

2007 - 2012 *part-time*

University of Salford, Manchester, UK

An interdisciplinary degree that blended architecture, building engineering, building technology and construction management. My dissertation focused on the decline of post-war high-rise housing in the UK from the perspective of psychological attachment.

1st Class (Hons) - 4.0 GPA

LANGUAGES

English - *Native*

Spanish - *Fluent*

Italian - *Lower Intermediate*
